ONLINE TEACHING ENDORSEMENT

COHORT 4 - CLASSES BEGIN AUGUST 31, 2010
COHORT 5 – CLASSES BEGIN FEBRUARY 1, 2011

Online education continues to grow. This increase of online learning courses has resulted in greater demands for online teachers. Many regular classroom teachers may soon be asked to teach in an online environment or add online components to their current classes.

The **Online Teaching Endorsement from Pioneer RESA** prepares teachers to teach in the online learning environment. Consider applying to earn the endorsement if you are an educator who would like to better address the needs of 21st century learners in a face-to-face classroom, prepare to teach in a virtual environment, or hone your skills as an online instructor. This endorsement is tangible evidence of the expertise you earn through a sequence of three rigorous online courses, two field experiences, clinical practicum and electronic portfolio.

Course Fees:

\$375 per course for three courses. \$1,125 for entire endorsement. This includes the field experiences, clinical practicum, and electronic portfolio.

Course Delivery:

The endorsement is entirely (100%) online: all coursework, field experiences and clinical practicum.

Length of Endorsement:

The endorsement will take three semesters to complete. If you begin in Fall of 2010, you will finish in Fall of 2011 (there are no summer sessions).

Instructor:

Jill Pless, Pioneer RESA Instructional Technology Specialist and Online Instructor
