

New Manage Walk-through Interface

Your walk-throughs are still accessed via the same **'Walk-Throughs'** link

With the new enhanced data collection features you now have much greater control over the management of your walk-throughs.

Results 1 - 13 of 13

- The options you are used to are still available to you such as category, template, start and end date, etc.
- With the addition of our People List feature, you now have the ability to view and print multiple records on one screen. Use the view button to open and close your list of records.
- Print individual results using the print icon next to each name. Edit or delete individual walk-throughs as well without erasing the entire record.
