

# How do I find my connection settings?

There are 2 places in mxweb where you can find the connection settings required to use eWalk offline.

When you first login to mxWeb, you will be on the main menu screen.

## ❖ Connection Settings in your Profile page

The 'Profile' page displays your connection settings in the top half of your screen

**Connection Settings**  
IP Host: mxweb2.media-x.com  
System ID: 27  
User Name: amigo  
Password: [Same as login]

## ❖ Connection Settings within eWalk

The 'Generate Files' page within eWalk displays your settings in the bottom half of your screen

**Handheld Configuration**  
IP Host: mxweb2.media-x.com  
System ID: 27  
User Name: amigo  
Password: \*\*\*\*\*
