See schedule below for dates. Registration includes all dates for this year.

The purpose of this collaborative is to provide consistent opportunities for school and district leaders/supervisors of Multi-Tiered Systems of Supports (MTSS) to discuss and share best practices, problem-solve, and plan continuous improvement activities to support a prevention framework for all students within each site.

These sessions are designed as a cohort model with key leaders of the work participating from each district.

Professional learning sessions are scheduled for the afternoon of each meeting (12:30-3:30).
See MTSS Academy flyer for details.
